Re: Docket Number 03-2016-001-NN
Notice of Noncompliance, Joint Base Anacostia Bolling – Bolling Public Water System
PWS ID No DC0000007

Dear Captain Mays and Mr. Johnson:

This Notice of Noncompliance is being issued pursuant to Section 1414(a) of the Safe Drinking Water Act (SDWA), 42 U.S.C. §§ 300g-3(a). According to our records, the public water system listed above, owned and operated by Joint Base Anacostia - Bolling (JBAB) and Washington Suburban Sanitary Commission (WSSC), has violated certain provisions of the SDWA, 42 U.S.C. §§ 300f-300j-26, and the National Primary Drinking Water Regulations (NPDWR) found at 40 CFR Part 141.

The above listed system is required to notify customers of the results of lead and copper sampling, and provide a certification of distribution to EPA within 3 months of mailing the consumer notices, in accordance with the NPDWRs at 40 CFR §141.85 and 90. For the June – September 2015 monitoring period, EPA received the certification of consumer notice distribution on or about January 20, 2016. JBAB-Bolling's late certification constitutes a reporting violation, pursuant to 40 CFR §141.85 and 90.

Please note that this violation is not required to be listed in the Consumer Confidence Report that covers the 2015 calendar year, nor does it require public notice. If you have any questions regarding the above, please contact Ms. Lisa Donahue, Ground Water and Enforcement Branch, at 215-814-2062

Sincerely,

A handwritten signature in black ink, appearing to read "Karen D. Johnson", is positioned above the typed name.
